

July 2011 Table of Contents

- *Climate Skeptics Meet to Hear Attacks on Mainstream Science and Responses.* Evan Lehmann. Climatewire, Scientific American. July 1, 2011.
- *Teeny-Tiny Three-Seater is "World's Most Efficient Electric Car."* FoxNews.com. July 1, 2011.
- *A Carbon tax to Fly to Paris? U.S.-Europe Showdown on Airline Emissions Begins.* Saqib Rahim. Climatewire, Scientific American. July 5, 2011.
- *Global Warming Pause Linked to Sulfur in China.* Randolph E. Schmid, Associated Press. ABCLocal.com. July 5, 2011.
- *A Climate Change Dissenter Who Has Left His Mark on U.S. Policy.* John J. Fialka. NYTimes.com. July 6, 2011.
- *Global Warming: Cities, Too, Are Carbon "Sinks."* David Gannon. Yahoo! News. July 11, 2011.
- *U.N. Panel Calls for Offsets to New Coal-Fired Plants to Be Suspended.* Nathaniel Gronewold. Climatewire, Scientific American. July 11, 2011.
- *Volcanoes Could Trigger Bigger Climate Impact Than Thought.* Charles Q. Choi. Yahoo! News. July 11, 2011.
- *House to Vote on Lightbulb Standards.* Jim Abrams. Time.com. July 12, 2011.
- *Motorists Driving Less, But Gas Prices Keep Rising.* Chris Kahn. Yahoo! News. July 12, 2011.
- *Hit "Print" for Solar Panels.* Tara Thean. Time.com. July 13, 2011.
- *Get Green For Going Green.* Barbara Weltman. Openforum.com. July 18, 2011.
- *Poorer Nations Lead Global Movement Toward Low Carbon Energy.* Lisa Friedman. Climatewire, Scientific American. July 18, 2011.
- *Blue Water, Green Fleet: The Navy Gets Eco-Friendly.* Bryan Walsh. Time.com. July 19, 2011.
- *Can a Candid Climate Modeler Convince Contrarians?* Jeremy Lovell. Climatewire, Scientific American. July 19, 2011.
- *How Dairy Farms Contribute to Greenhouse Gas Emissions.* Ann Perry. USDA.com. July 19, 2011.
- *Climate Change Forcing Polar Bears to Swim Longer Distances.* Remy Melina. Yahoo! News. July 20, 2011.
- *EPA Changes Energy Star Requirements for Dishwashers and Furnaces.* Rachel Bogart. Yahoo! News. July 20, 2011.
- *Obama Nears Decision on Boosting Auto Fuel-Efficiency Standards.* Neela Banerjee. LATimes.com. July 21, 2011.
- *What Happened to Global Warming?* Doyle Rice. USAToday.com. July 21, 2011.
- *California Ends \$5,000 Electric-Car Rebates.* Chris Woodyard. USAToday.com. July 24, 2011.
- *An Odder Look to Fuel-Efficient Trucks.* Matthew L. Wald. NYTimes.com. July 25, 2011.

- *Sanya Skypump Brings EV Charging To Parking Lots, Uses Renewable Energy.* James Johnson. Inquisitr.com. July 25, 2011.
- *Urban Green Energy and GE Energy Industrial Solutions Unveil the Sanya Skypump, an Electric-Vehicle Charging Station Equipped with Wind and Solar Power.* Ann Amarga. Yahoo! News. July 25, 2011.
- *China Tackles Energy-Wasting Buildings.* Coco Liu. Climatewire, Scientific American. July 27, 2011.
- *Solar Farming a Transformative Resource for India.* Darshan Goswami. RenewableEnergyWorld.com. July 27, 2011.
- *Solar Power Company Plans Giant Arizona Tower, Second Tallest Structure on Earth.* Ned Potter. ABCNews.com. July 27, 2011.
- *Poll: California Favor More Alternative Energy.* Kelly Zito. SFGate.com. July 28, 2011.
- *Polar Bear Science and the Spin Cycle.* Andrew C. Revkin. NYTimes.com. July 29, 2011.
- *Shale Gas Boom Draws EPA Plan to Limit Air Pollution.* Joel Kirkland. Climatewire, Scientific American. July 29, 2011.
- *Skeptic's Small Cloud Study Renews Climate Rancor.* Seth Borenstein. Yahoo! News. July 29, 2011.
