Happy Holidays! A Few Eco-Tips from the City of Santa Clarita

1. Send electronic greeting cards this year, to cut down on paper waste.
2. Wrap your gifts in reusable shopping bags. It's the gift that keeps on giving!
3. Give rechargeable batteries with any battery-powered gifts.
4. Use regular dishes and flatware for any gatherings; not paper plates or plastic utensils.
5. And as usual, recycle your holiday tree by placing it next to your bins on your regular trash day between December 26, 2019 and January 11, 2020.
 - Remove all decorations including tinsel, lights, ornaments and tree stands.
 - Flocked trees will be collected and disposed of as trash; they cannot be recycled.
